Summary

A motivated Computer Science & Engineering student with a focus on Java and Data Structures & Algorithms. Developing strong programming and problem-solving skills through academic coursework and regular coding practice. Seeking to leverage technical skills in software development to contribute to innovative and impactful technology solutions.

Education

Galgotias University
B.Tech CSE
GPA: 7.77

Greater Noida, Uttar Pradesh
Expected Graduation : 2028

Technical Skills

Languages: Java, C, C++, Python, SQL
Core Concepts: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Computer Networks, Operating Systems
Database: MySQL
Tools: Git, GitHub, IntelliJ IDEA, VS Code

Projects

Cattle Breed Classification System | SIH (Smart India Hackathon)

Role: Developer

- Contributed to the development of a cattle breed classification solution as part of a Smart India Hackathon team.
- Worked on the development and implementation of the project, helping translate the proposed solution into a functional application.
- Collaborated with team members to integrate the development work with the overall breed classification system and project requirements.

Certifications

- Object-Oriented Programming (OOPs) — GUVI
- Database Management Systems (DBMS) — GUVI
- C Programming — GUVI
- Java Programming — Udemy

Achievements

Smart India Hackathon (SIH): Reached the final round of the university-level selection with a team working on a Cattle Breed Classification solution.
